Writing Center Orientations

A member of our staff is happy to come to your class, whether it is in person or on Zoom. We give a brief orientation/introduction to the Writing Center—explaining the many ways we can support writers and the different ways they can access our services. To schedule an orientation, please complete [the online request form](#). If you teach a subject other than English, you can request a writing center orientation specifically in addition to OR instead of a more general Tutoring Center orientation.

Recommend a Peer Writing Tutor

In addition to degreed tutors, the Writing Center employs a talented group of peer writing tutors. You are welcome and encouraged to recommend students at any point during the year, but we begin the recruitment process in April of each year to hire a cohort of peer tutors to begin work the next August

If you have a student who is a strong writer and has good people skills, please let them know about our peer tutor program and send us a recommendation. We are looking for tutors from diverse linguistic and cultural backgrounds and who come from a range of majors.
